

PC-Obs Certification Procedure

Visit talk.ku.edu for materials & links

1. Review PC-Obs Manual

2. Attend PC-Obs Training

3. Using the app, practice coding with Video 1

4. Code another video (any of Videos 2-5)

5. Enter your scores on the Excel PC-Obs Certification Calculator in the "Enter Totals Here" tab before closing app

6. Click on the "Reliability Results" tab in Excel to see your scores

7. Continue coding until you've received a score of 85% or higher on three videos*

**After becoming certified, we recommend practice coding with other certified coders in your organization to confirm inner-site reliability*
